

January 31, 2006 amendment
Serial No.08/544,212

REMARKS/ARGUMENTS

This application has been appealed to the Board of Patent Appeals and Interferences and this amendment responds to the December 14, 2006 order of Senior Administrative Patent Judge McKelvey by canceling claims 28, 29, 31-60, 65 and 66. During the prosecution of the application, the examiner allowed claims 1-27 in his Office communication of June 4, 2002 and rejected the remaining claims, claims 28, 29, 31-60, 65 and 66. Applicants appealed claims 28, 29, 31-60, 65 and 66 on November 4, 2002, which applicants now seek to cancel without prejudice or disclaimer in order to secure issuance of a Notice of Allowance of the application.

Upon entry of the amendment, applicants request the examiner to close prosecution of the application and issue a Notice of Allowance, since after entry of this amendment the application will only contain allowed claims 1-27.

Respectfully submitted,
